FIVE STAR LONGHORN SALE

MEET THE CONSIGNORS

D & C RANCH, LLC

Cindy and Don Bartlett, Channing, Jackie and Toni Ann
www.dcranchlonghorns.com

In 2005, Don and Cindy Bartlett purchased what is now known as D & C Ranch. The ranch was primarily used as a family bass fishing retreat until the fall of 2016, when Don met Kyle Mayden. Don learned that Kyle had longhorns and offered Kyle some of his pasture because he thought the longhorns would add beauty to the property. Kyle agreed, and before long, several of Kyle's longhorns were roaming D & C Ranch. Don and his family fell in love with the longhorns. By early 2017, Don partnered with Kyle and Whitney (Mayden Farms) and Dale Hunt and Sherrill Caddel (Rockin H Longhorns) to own Rowdy HR, who soon after won 2 LWC Ultimate Bull titles. Having Rowdy six months out of the year meant D & C Ranch needed to build a premier herd of longhorns for Rowdy to breed. To that end, D & C Ranch bred Rowdy with premier cows bought and sold through private treaty and many auctions to become a premier longhorn ranch with a herd of genetically elite and gentle, beautiful longhorns. Now the whole family participates with daughter Channing naming the new calves and daughter Jackie and granddaughter Toni Ann going to sales to help identify longhorns to add to our herd.

HOLY COW LONGHORNS

Mikeal Beck and Brandi Shukers • www.holycowlonghorns.com

Holy Cow Longhorns is located in Springtown Texas. Mikeal got into longhorns in 2008 when he sold out his commercial herd. Mikeal spends countless hours studying genetics, researching progenies and working with the herd every day. Brandi takes pictures, opens many gates, and generally tolerates Mikeal posting about it. In all seriousness, longhorns are their passion and lifestyle. They look forward too many more years of growing and improving their herd.

TL LONGHORNS

Toni and Larry Stegemoller - www.tltexaslonghorns.com

Our Registered Texas Longhorn story began in March of 2013. We were researching options for ag exemption on some rural property. Even though we knew nothing about them, Texas Longhorns appeared to be a better, lower maintenance choice than some other livestock that we considered. That led us to on an internet search to Rocking O Longhorns where we purchased our first 3 bred cows. We live on the TL Longhorn ranch near Cleburne, Texas with our herd of about 60 animals and interact with them on a daily basis, sometimes several times a day. This results in gentle animals that are easy to work. We love the animals and feel blessed to have made lifelong friends through our involvement with the Texas Longhorn industry.

BREEDING: EXPOSED TO SMOKIN GUN CHEX FROM 7/12/20 TO 11/29/20

COMMENTS: OCV'd.Joy is a daughter of the 2X Ultimate Bull, Rowdy HR. Her dam goes back to Jimmy Jones' foundation cow, Field Test. She has Tempter and Conceald Weapon blood. This first-time heifer has an awesome bag and a ton of milk. She is bred to Smokin Gun Chex. He is a Rebel HR son out of an 80" 4-year-old Cowboy Tuff Chex daughter. Her horns just rolled out. Rebel HR crosses well on Rowdy daughters. Info at holycowlonghorns.com

COMMENTS: Current horn measurement is 88.5" TTT. As we look at the progeny of Fifty-Fifty BCB we can see how well his genetics crossed with so many across the breed. He was made well with nice muscling, smoothness that's hard to come by and he passed that on to his offspring. He stamped his calves with looks and a sweet personality. Fifty-Fifty BCB produced 100" TTT females, 100" TTT steers and 90" TTT bulls. He made Horn Showcase winners and World Show Champions. They are top money earners in the countless futurities across this nation. One of his daughters just sold for \$200,000!
